

# Proposition 28: Arts and Music in Schools Act — School Site Expenditure Plan Template

## Background

The Proposition 28: the Arts and Music in Schools (AMS) Act provides an annual source of funding for arts education in California, between \$800 million and \$1 billion each year. This document, the School Site Expenditure Plan Template, can be used to support the planning of these funds. Each school is required to submit an annual board-approved report to post on the school district's and Department of Education's website that details the types of arts education programs funded by the program, the number of full-time equivalent (FTE) teachers, classified personnel, and teaching aides; the number of students served; and the number of school sites providing arts education programs with such funds.

## Document Purpose

This School Site Expenditure Plan can be completed by schools to support the planning process. **This template is intended to assist school sites that need support in planning expenditures for Proposition 28 AMS funds. Other school sites may have other documents to use for the planning process and therefore may not need this tool.**

## Community Engagement

A school's decisions about how to use its Proposition 28 AMS funds will directly impact the students, families, and local community and it is highly recommended LEAs consult with their community. The following is a description of how the school meaningfully consulted with its community members in determining the best use of arts education funding in the school. For schools that used the Collecting Community Input Template, enter a summary of information collected here.

Describe the meaningful efforts made by the LEA to consult with its required community members and the opportunities provided by the school for public input in the development of the plan.

Allensworth Elementary School held a school site council meeting to collect feedback from parents and staff on desired arts programming. This meeting was held on May 20th at 11:00 am  
Translation and interpretation services were provided.. In addition, Allensworth Elementary School sent parent surveys, 60% of responses related to arts education programming interests from families.

Describe how the development of the plan was influenced by community input.

Allensworth Elementary School analyzed the notes from the school site council meeting as well as the written comments from the survey to the wants and needs of our school community related to arts education programming. Based on survey responses, most expressed a desire for additional music programming. Based on this feedback, AESD plans to use \$24,319 of Proposition 28 AMS funds to provide stipends for staff to serve an additional 60 students on campus. In addition, Proposition 28 AMS funds will purchase Music and art materials and supplies for students.
